AIRDAPTIVE™

The Power Plate® pro5 AIRdaptive™ unit gives you more machine to suit more people by providing the largest variety of settings and adapting to more individual users than any other machine we offer. The Power Plate® pro5 AIRdaptive™ machine has variations for heavier individuals, high intensity trainers, very lightweight individuals or people who are in fragile condition. That makes it perfect for a family with multiple users who each have different health and fitness needs. The Power Plate® pro5 AIRdaptive™ machine is also ideal in health clubs and wellness centers, allowing users to adjust the AIR settings precisely for their body type and fitness or wellness goals. The machine is not a miracle. But where it takes you is.
